## Case Description

Following Hamas's terror attack on October 7, in which hundreds of civilians – women, men and children – were murdered, the IDF attacked a building in Gaza that served as a weapons storage facility (according to the IDF Spokesperson). The building, disguised as a civilian clinic, was used by Hamas for military activity from within a civilian area, according to the IDF. According to international reports, civilians were also killed in the attack, including medical staff.

## IDF Explanation Team

**Your goal:** Explain Israel's position.

- Why did the IDF act this way?
- How does it maintain the rules of war?
- What moral values guide it, even when it's difficult?

## Skeptics Team (The World)

**Your goal:** Raise question marks.

- Was the action moral?
- What about civilian lives?
- Wasn't there really another way?
